

March 13, 2020

Dear NEV Day Program Parents and Guardians:

Currently, we have no confirmed cases of Coronavirus Disease (COVID-19) in any of our programs; however, out of an abundance of caution, effective immediately, we have made the decision to suspend all New England Village Day Programs. There will be no programming at the Efron Center for Enrichment, the Day Enrichment Program at the Sollar Wellness Center, The Living Center (TLC), or the Career and Community Exploration Center on Winter Street until further notice.

While we appreciate the challenges this decision may present to you, please understand that we did not make it lightly. The health and safety of every person we support must remain our number one priority.

We continue to monitor all public health advisories and our hope is that programming will return to normal as soon as possible. We will remain in consistent communication with you. Any updates will also be posted on our website – [www.newenglandvillage.org](http://www.newenglandvillage.org).

Stay well,

Michael A. Rodrigues  
President and CEO
